Description:

The IMACP01 is a modular DIN rail mounted snap on design UL Approved AC receptacle and outlet that makes installation quick and easy while at the same time occupying a minimum of panel space.

Features:

• One Piece Design - No need to order, inventory & assemble separate parts, easy installation.
• Finger Safe Connections - Increased safety during maintenance.
• DIN Rail Mountable Design - Simple snap-on mount. No need to drill and tap holes to mount.
• Interface Module Design - Visually pleasing appearance, consistent with other interface module products.
• Safe and secure screw clamp wire terminations.
• Clear Marking - Terminals are clearly and permanently marked.

Specifications:

Voltage:	125 Vac
Current:	15 A
Operating Temperature Range:	-40°C to + 110°C or -40°F to + 230°C
Wire Size:	30-12 AWG
Dimensions (H x W x D):	2.65 x 1.39 x 3.62 inches
Color:	Black
Interface Type:	DIN Rail AC Outlet
Ratings:	E227526
