Insulated In-Line Splices

Connector Material: High-Strength Aluminum Alloy 6061-T6

Easy Wire Re-Entry: Changes/Inspection/Troubleshooting

Insulation Color: Black

Insulation: High Dielectric Platisol Dipped Coating Prefilled with Oxide Inhibitor, Plugs Marked with Min & Max Wire Size for Easy ID, One Wire Per Port

Approvals: UL Listed 486B

Temperature Range: -45°C to +90°C

Voltage (V): 600V

Wire Type: CU or AL SOL/STR Cables
